Team Name:

#### 1. Introduction

a. Division of	Work
----------------	------

Describe how you divided the work between partners. If you worked alone, please say so.

#### b. One Base Case

Provide the IDENTIFIER of a base case that you tested. Explain why this is a base case.

#### c. One Edge Case

Provide the IDENTIFIER of an edge case that you tested. Explain why this is an edge case.

#### d. One Corner Case

Provide the IDENTIFIER of a corner case that you tested. Explain why this is a corner case.

## 2. Traceability Matrix

Complete the traceability matrix below. An "X" mark in a cell means that the test on the row verifies the requirement on the column. Note that "TEST-CASE-1" and "TEST-CASE-2" are just example test case identifiers. Please replace with your own test cases.

	FUN-NORTH	FUN-SOUTH	FUN-LOOK	FUN-INVENTORY	FUN-DRINK	FUN-HELP	FUN-LOWERCASE- COMMANDS	FUN-UNKNOWN- COMMAND	FUN-UNIQ-ROOM	FUN-UNIQ-ROOM- FURNISHING
TEST-CASE-1	Χ									
TEST-CASE-2		Χ	Χ							

## 3. Test Cases

Write your test cases here.

#### 4. Link to GitHub issues

Please paste here the URL to your GitHub classroom repository issues page where I can find the three open issues.
